BAYSIDE
TEE

Bayside Made in the USA has been a family run business since 1995. Although we began with just a few sewing machines in a small warehouse in Anaheim, CA, our philosophies were big. Our aim was to shoot high right from the very start and is why American Made was the way to go. We wanted to create affordable and beautifully crafted garments that people would be proud to wear because it was made right here at home. In order to keep our costs low, we began working with like-minded cotton growers in Georgia, the Carolinas and Virginia; we maintain many of these relationships to this day. It doesn't stop there, we cover all bases and ensure that our spinning, knitting, dyeing, cutting and sewing is all done here in the USA.

Here at Bayside, we believe that the way we construct our garments should reflect our own set of values we stand by. Providing you with the highest standard of quality and comfort is just one of the many things you can expect to receive when you choose Bayside. By ensuring that everything from Dirt to Shirt is completely made in the USA, we are able to take precise control over how our products look and feel, and we are proud to use this advantage to serve your important needs.

Aside from our garments looking and feeling nice, we want you to feel good about knowing where your products are coming from and who's making them. Here at Bayside, we take pride in creating and keeping jobs for over 600 employees right here on U.S. soil.

As Bayside continues to expand, we acquire insight to the ever-changing needs of the people who love our products. It allows us to pay close attention to demand and provide you with a versatile collection of high quality garments. From headwear and aprons to tote bags and casual tees that got us started so many years ago, Bayside has you covered with premium quality American made products you can rely on and enjoy.
